

Mahjong Minted Affiliate Program

Program terms · October 2026

Welcome

Your followers get 10% off any Mahjong Minted set, and you earn 10% on every sale you send my way. I design every set myself to be artful, playable, and priced to share, and I'd love your help bringing them to more tables.

How it works

- 1 You get a personal discount code and referral link.
- 2 Your followers use the code at checkout, or shop through your link, for 10% off their order.
- 3 Every order placed with your code or through your link is credited to you.
- 4 Link visits are tracked for 30 days, so followers who come back later still count.
- 5 You can log in to your affiliate portal anytime to see your clicks, sales, and earnings.

Your commission

You earn about \$18 on every \$199 set your followers buy. Commission is 10% of the product total after the discount, not including shipping or sales tax.

On one \$199 set	Amount
Your follower's discount (10%)	\$19.90 off
Your follower pays	\$179.10
You earn (10% of \$179.10)	\$17.91

Payouts

- Commissions are paid monthly by PayPal, on the 15th.
- Each sale is held for 30 days before it's paid, to allow for returns. Returned or refunded orders don't earn commission.
- The minimum payout is \$25. Balances under \$25 roll over to the next month.

Posting guidelines

- Clearly disclose the partnership in every post, as the FTC requires. Use #ad or #affiliate, or Instagram's paid partnership label.
- Tag @mahjongminted so I can see and share your posts.
- Please don't make claims about products, pricing, or shipping that aren't on my website.

The fine print

- Your code and link are for your audience. Posting them on coupon or deal sites isn't allowed and those orders won't earn commission.
- You can't earn commission on your own purchases.

- Either of us can end the partnership at any time. Commission already earned on eligible sales will still be paid.

How to join

Apply using the form on my affiliate page, linked under "Become an Affiliate" at the bottom of mahjongminted.com. I review every application personally and will be in touch within a few days. Once you're approved, you'll get your code, referral link, and portal login, and you can add your PayPal email right in the portal. We'll also talk about getting a set into your hands to share.

Questions? Email me at shannon@mahjongminted.com.
